

BRITAIN FACES INDUSTRIAL UNREST ON MAY 1

COAL MINERS STRIKE IF NO SETTLEMENT MADE

1,000,000 MINERS AND WORKERS READY TO FIGHT INDUSTRIAL WAR

EYES OF GREAT BRITAIN FIXED ON ITS PREMIER TO SETTLE TROUBLE

By CLIFFORD L. DAY
(United Press Staff Correspondent)
London, April 30.—Approximately 1,000,000 miners and workers in closely associated callings were ready today to plunge Great Britain into industrial war if the efforts of union leaders, mine owners and politicians fail to find a settlement for the coal dispute before midnight tonight.

The eyes of Great Britain were on Premier Stanley Baldwin, who was understood to be hesitating to employ the one sure means of averting a simultaneous strike and lockout. That means would be continuance of the government subsidy to the coal industry, which, since it first was granted in August of last year, has cost the treasury approximately \$102,000,000.

Baldwin probably would pledge the treasury to pay the wage difference between what the miners demand and what the owners can pay, provided both parties would promise a definite settlement of their dispute within a limited period. If no such promise is made there is speculation whether the premier, as a last resort, would proclaim temporary state control of the mines, under the emergency powers act, passed during the war. Then the government could impose reorganization of the mining industry, as shift be necessary.

The night shift of miners will not return to work tonight unless the dispute is settled. A. J. Cook, secretary of the Miners' Federation, said today.

"Today's shift in the mines will be the last unless the federation instructs the men to the contrary," said Cook.

It is understood the owners have formulated proposals to increase the work day from seven to eight hours and to agree to the new scales of wages on a national instead of a district basis.

The miners heretofore have insisted that their hours of labor should remain at seven and their wages should not be reduced.

CABINET TRIES TO AVERT STRIKE

London, April 30.—With only seven hours remaining in which to avert the coal strike and lockout which may begin at midnight, Premier Baldwin today met his cabinet in the house of commons to seek a last minute peaceful settlement.

The cabinet was in session 90 minutes.

There was considerable activity in the lobbies where opinion was unanimous that the situation was grave.

Sir Austen Chamberlain, the foreign secretary, in a speech this afternoon, said: "According to my latest information the position is very serious."

It was understood that the privy council has been summoned to meet at Buckingham Palace to discuss the coal crisis. King George has left Windsor Castle for London.

Conservative quarters confirmed that the miners had rejected the owners' offer, although the miners indicated that they "merely had submitted a counter proposal."

The developments increased speculation regarding the possibility that Baldwin might make use of the drastic emergency powers act, passed during the Lloyd George regime to cope with the situation.

Miners and mine owners are ready for peace or war. Arrangements have been made to feed one million prospective strikers for a time in the event of a strike but the extent to which the remainder of the 4,000,000 trade unionists would assist is not known.

Movement Starts to Sidetrack Farm Relief Laws

SOUGHT TO KILL TWO TRUSTIES BY HURLING DYNAMITE

Birmingham, Ala., April 30.—(UP)—Details of a riot at Flat Top prison mine yesterday when 40 infuriated convicts sought to kill two check runners by hurling sticks of dynamite at them came to light today as officials inquired into the disorders there.

Calmly and deliberately, it was officially stated, the convicts set out to kill Whitey Freeman and Tom Tucker, two white "check runners" or "straw bosses" who had given testimony before the grand jury investigating alleged cruelties to prisoners in favor of prison officials. Both Freeman and Tucker are trustees.

Attacked by 40 shouting men, carrying pick handles and other weapons, the trustees fled into a small passage in the mine where they barricaded themselves. When they refused to emerge convicts hurled dynamite sticks, timed to explode the moment they struck. Flying rocks showered around the check runners. The roar of the exploding dynamite brought the guards. As soon as the two trustees had been sent to the surface the riots underground broke out anew, this time the guards being the object of the infuriated attack.

ANOTHER HUGE OIL FIRE RAGES IN CALIFORNIA

BOLT OF LIGHTNING SETS OFF STORAGE TANK AT BAKERSFIELD

RESERVOIR WITH HALF MILLION BARRELS NOW SEETHING FLAMES

Bakersfield, Cal., April 30.—(UP)—Another huge oil fire, the third in California within a month, raged unchecked today in the Standard Oil Company's storage field near here. The reservoir, with half a million barrels of crude oil was a mass of flames, and 16 other tanks, each containing 500,000 barrels of oil were imperiled by the blaze.

The fire, like those at Brea and San Luis Obispo a month ago, was started by a flash of lightning.

ENTRANTS IN NATIONAL ELIMINATION SWEEPSTAKE

Little Rock, Ark., April 30.—(UP)—Nine balloons and their crews, entrants in the national elimination sweepstakes for the Litchfield trophy, were all believed to be riding a stiff breeze in a northeasterly course today through southeastern Missouri and southwestern Illinois, hoping for new records.

The balloons have been in the air over 13 hours with none yet reported down.

Last reports told of sighting balloons near midnight at Walnut Ridge, Ark.; Tuckerman, Ark.; and Newport, Ark., passing swiftly to the northeast with indications the bags would cut across the southeast corner of Missouri, angle across Illinois and pass into Indiana.

The bags took off from here at 4:30 P. M. Thursday.

Nashville, Tenn., April 30.—Driven in a northeasterly direction by a strong southwest wind, one of the balloons in the national elimination race, which started at Little Rock, Ark., yesterday afternoon, passed over Blackwood aviation field here at 7:30 A. M., non-commissioned officers at the field reported. The balloon was at a height of about 2,000 feet.

MORON SAYS HE ATTACKED SCHOOL GIRLS

JACK SCHAEFER, ST. PAUL, HAD BEEN HUNTED FOR SOME TIME

POLICE AND DETECTIVES WERE PLANTED IN SEVERAL SCHOOLS

St. Paul, April 30.—(UP)—Jack Schaefer, 35, moron, confessed late yesterday, after his capture by police, to numerous attacks on young school girls during the past two weeks.

Schaefer, who made the attacks on public and parochial school girls, had been hunted for some time. Police and detectives were planted in several schools. Late yesterday detectives at St. Francis De Sales Catholic school heard cries of a child in the basement. They rushed to the rescue and the assailant fled. He was found hiding in a room in Ancker hospital.

Teachers, pupils and janitors of schools identified Schaefer. Schaefer, who said he lived in Minneapolis, has a prison record. He was sentenced on April 2, 1920, to five years imprisonment for robbery of a filling station. Later he was paroled, broke his parole and was returned to prison. He completed his sentence in January, 1925.

REMEDIES TO REDUCE TRAFFIC ACCIDENTS, ETC.

INCREASED TRANSPORTATION EFFICIENCY DISCUSSED AT BISMARCK

SAFETY CONFERENCE CALLED BY GOVERNOR A. G. SORLIE

Bismarck, N. D., April 29.—(UP)—Measures to reduce traffic accidents and increase transportation efficiency in North Dakota were discussed here yesterday at a safety conference called by Governor A. G. Sorlie.

Endorsement of a model uniform vehicle code as drafted by the second annual conference on street highway safety in Washington, with such amendments as North Dakota conditions may warrant, was urged by Frank Milhollan, chairman of the state railroad commission.

An annual economic loss of \$600,000,000 from fatalities, injuries and property destruction results from traffic accidents, according to figures quoted by Milhollan, who attended the Washington meeting. The uniform vehicle code recommended to check this loss is divided into three sections, registration and certificate of titles, operators' and chauffeurs' licenses and operation of vehicles on highways.

Safe, economical and convenient use of the highways requires uniformity in state vehicle acts, administrative regulations and local traffic ordinances and regulation, Milhollan concluded. He asked endorsement of the plan and urged legislation looking toward national uniformity.

Dr. A. A. Whitmore, state health officer, told the meeting accidents occur most frequently when individuals concerned are off guard. It is the unloaded gun, the hazardous highway and the gentle grey mare that cause accidents, he warned. Automobiles caused 69 deaths in North Dakota last year, he said, or at a rate of 44 to every 100,000 licensed cars in the state and 9.7 to every 100,000 population.

HUSBAND BURNED TO DEATH AS HIS HOME COLLAPSED

Chicago, April 30.—(UP)—Joseph Ponga was burned to death and his wife dangerously burned when fire destroyed their home here today. Two daughters escaped.

The daughters and the mother were able to leave the flaming second story before flames had eaten through the stairway, but the stairway collapsed before Ponga could get out of the building.

LATEST DEVELOPMENTS IN CHICAGO MACHINE GUN BEER WAR

POLICE BUSY ROUNDING UP SUSPECTS IN McSWIGGIN CASE

By MAX BUCKINGHAM
(United Press Staff Correspondent)
Chicago, April 30.—The war of retaliation against machine gun rule of Chicago's gangland today settled on the arrest of four men, three of whom are believed to hold the dramatic details of how an assistant state's attorney and two beer runners were killed in civilized Chicago.

One of the men being sought is believed to be carrying the wounds of the latest beer war offensive when Billy McSwiggin, the "hanging prosecutor," Jimmy Doherty and Tom Duffy were killed.

The three men are being sought especially to reveal just what happened Tuesday night when a machine gun suddenly spat fire in front of Madigan's saloon. They are the O'Donnell brothers, Myles, Klondike, Bernard, leaders of the Irish faction of beer runners. Miles is believed to have been wounded in the fight.

The fourth man sought is Scarface Al Capone, war lord of the underworld and leader of the Italian faction, which has attempted to strangle the Irish from control of the beer industry. He has been strangely missing since the Tuesday death penalties were carried out.

At least one of the O'Donnell brothers was with the young prosecutor and the two beer runners when the fatal machine gun fire was poured into the west end saloon Tuesday. That was Myles, police said.

Early that night, according to police, Myles was with Jimmy Doherty, Klondike and a fourth man. Twenty minutes later Doherty was dead. Five hats were found in Doherty's bullet riddled motor car.

Meanwhile police went about the task of making Cicero a 9 o'clock town, as State's Attorney Crowe had demanded. Separate squads of strongly armed patrolmen, all wearing badges of deputy sheriffs, last night swooped into the gambling suburb and put to rout one of the city's chief business enterprises, the gambling profession.

Such places as the Florida Land Company, Hawthorne's Smoke Shop and The Ship today are but a mass of splintered gambling refinery. Roulette wheels were broken to bits. Dice tables were shattered with axe blows. Bars were upturned. Poker tables were made into veritable kindling.

Where only a few days ago the "sky was the limit," today there was nothing but the plain indication that the ruthless war against crime was to be carried out to the last degree. Squads worked all night long in Cicero under the direction of State's Attorney Crowe and Captain John Stege, deputy chief of Chicago's detectives.

Today, despite political tirades, which as usual have infected themselves into the issue, the coroner's inquest will carry on with the distinguished loop business men conducting the investigation into deaths of McSwiggin, Doherty and Duffy. Yesterday the jury visited the biers of the three fallen victims of beer's hatred. They also visited the scene of the last battle. Today they will listen to testimony.

The political rumpus which has been tossed into the investigation all centers about Crowe. Local club men and several civic leaders have advocated retention of a special state's attorney for a clean up of crime, principally because beer and

LAKE LILLIAN THRIVING AS OIL CENTER

AXEL LUNDQUIST NOW CHARGES 10 CENTS FOR A LOOK AT WELL

LITCHFIELD BAND PLAYS SUNDAYS, HUNDREDS VISIT TOWN

Lake Lillian, Minn., April 30.—(UP)—Lake Lillian continues to thrive as an oil center.

The product itself has become a side line, however, and natives are capitalizing on the crowds of investigators who swarm the village. Axel Lundquist, owner of the largest producing well, a post hole in the cellar of his main street establishment, is now charging 10 cents admission for a look at the diggings.

One day this week 400 cars were parked in the village.

On Sundays the Litchfield band furnishes incidental entertainment for visitors.

The latest discovery in connection with the oil holes is that barometric conditions affect the flow, according to the constant observers. Flow of oil is greater when atmospheric pressure is high.

The phenomenon of oil filtering into holes in the ground, which is pure enough to burn in automobiles is still unexplained. The discovery was made last year.

RIVER AND HARBOR BUDGET IS APPROVED

MORE THAN \$45,000,000 IS ALLOTTED FOR IMPROVEMENTS

SECRETARY OF WAR DAVIS O. K'S APPROPRIATIONS MADE

Washington, April 30.—(UP)—Allotments of more than \$45,000,000 for maintenance and improvement of rivers and harbors works under the congressional appropriation of \$50,000,000 were approved today by Secretary of War Davis.

Davis also announced that his department planned to put all such work on a five year basis and would ask congressional approval for such a program entailing expenditures of \$50,000,000 a year.

Among the allotments in today's list were:
Ohio river, lock and dam construction, \$9,000,000.
Mississippi river between Ohio and Missouri rivers, \$3,000,000.
Mississippi river between Missouri river and Minneapolis, \$2,250,000.
Grand Rapids Harbor, Minnesota, \$1,000.
Duluth-Superior Harbor, \$90,000.
Ashland Harbor, Wisconsin, \$1,400.
Green Bay Harbor, Wisconsin, \$88,500.
Milwaukee Harbor, \$726,000.

Allotments can be made by the secretary of war if the progress of work makes this desirable.

RIGID GRAND JURY INVESTIGATION

Chicago, April 30.—Machine gun rule of Chicago's underworld, which, this week, resulted in the death of an assistant state's attorney and two beer barons, will be placed under a rigid grand jury investigation, it was announced today.

State's Attorney Robert E. Crowe, who yesterday was advised that he would be the next victim of the gangsters' wrath, appeared today before Judge William V. Brothers, acting chief justice of the criminal court and asked the machine gun grand jury.

McCLENDON FOUND GUILTY OF MURDER CHARGE

SENTENCED TO LIFE IMPRISONMENT BY JUDGE BOERNER

JURY SAID HE KILLED FRED LINDBERG, SOO LINE WATCHMAN

St. Paul, April 30.—(UP)—Robert L. McCleendon was found guilty of second degree murder and sentenced by Judge John Boerner to life imprisonment late yesterday, for the murder of Fred Lindberg, Soo line watchman at Cardigan junction.

McCleendon, one of a gang of box car robbers, was the last of the band to elude the law. While the five others were captured, tried and sentenced to prison, he led detectives on a chase from Canada to Mexico. Last March the fugitive was arrested in El Dorado, Ark., on charges of cashing stolen money orders. He was returned to St. Paul where his imprisoned companions testified that he was the murderer of the watchman.

When Judge Boerner pronounced the sentence McCleendon reiterated his innocence and declared that he had been framed.

The defense will appeal the case.

SEEK TO TEST LIBERTY OF ALL CIVILIANS

RIGHT OF FREE SPEECH TO BE TESTED AT PASSAIC, N. J.

SHERIFF GETS THERE FIRST AND PADLOCKS THE HALL

Passaic, N. J., April 30.—(UP)—With the avowed intention "to restate civil liberties" in Garfield, textile mill workers on strike here planned today a campaign to test the authority of Sheriff P. Nimmo of Bergen county.

The first step is scheduled for 2:30 P. M. when the strikers will attempt to hold a meeting in Belmont Park hall, Garfield, at which the Rev. John Haynes Holmes, New York minister, is announced as the principal speaker.

Garfield, N. J., April 30.—(UP)—Sheriff George P. Nimmo surrounded by 75 special deputies, county policemen on motorcycles and regular city police today padlocked Belmont Park hall here and denied entrance to more than 2,000 striking textile mill workers who went to the hall to attend a mass meeting.

Arguments of counsel for the strikers were disregarded.

"The state riot act is still in force and there will be no strike meetings in Bergen county," said the sheriff.

His deputies compelled the strikers to leave Belmont Park and prevented them from coming within four blocks of the park. Then he attached a padlock to the gates.

Some of Nimmo's men were armed with riot guns and others had clubs.

ATTEMPT TO SO PERSUADE PRES. COOLIDGE

TINCHER BILL LOSING MANY OF ITS ADHERENTS

HAUGEN MEASURE IN CORRESPONDING MEASURE GAINING STRENGTH

By JOHN MONTGOMERY
(United Press Staff Correspondent)
Washington, April 30.—Administration leaders are attempting to persuade President Coolidge that a postponement of farm relief measures until next year is the only hope of conciliation between the widely separated farm organizations.

The welcome figure of peace among the ranks of the farm organizations that appeared last week when discussion of the Tinchin bill began, has now vanished. The breach now is as wide as it was in the first part of the year and not even the most optimistic can see chances of an immediate conciliation.

Farm experts who approved the Tinchin bill in principle when it was first formulated, now are losing no opportunity to condemn it. They have returned to their first love, the Haugen bill, which has the entire disapproval of the administration and which has little chance of being signed if ever passed.

Republican house leaders announced today that farm relief legislation would be called up Tuesday. It will be given the attention of the house the rest of the week and probably several days the following week.

The Haugen bill will be called up under a special rule with debate running for four days before the measure is considered for amendment.

In view of the fight over the forms of legislation proposed, it was explained that consideration of the bill for amendment will take longer than the four days of debate. The Tinchin bill and the Aswell bill will be offered as substitutes and will provoke several additional days of debate.

Harrison sought by his motion to force the strong farm bloc leaders into action as a means of delaying the public buildings measure which Harrison has bitterly opposed. Sen. Lenroot, republican, Wisconsin, one of the farm bloc members urged defeat of Harrison's motion, re-asserting his pledge to fight for farm relief legislation this season. The time for house debate is to be equally divided between the authors of three pending relief bills, Rep. Haugen, republican, Iowa; Tinchin, republican, Kansas; and Aswell, democrat, Alabama.

Sen. Gooding, republican, Idaho, a farm leader, pointed out that the republican steering committee last night had given farm relief legislation an "early place" on the program and that there was no reason to upset the program as proposed by Harrison.

"Senators interested in farm legislation are holding luncheons daily—one is being held today—to plan for concerted action to assure passage of farm aid legislation," Gooding said. "I shall vote against this motion."

Sen. Bruce, democrat, Maryland, also argued against the motion, but declared, "I hereby pledge myself to preferential treatment of farm legislation this session."

124 CANINE
LICENSES ISSUED

Tomorrow is Last Day to Make Payment for Such Licenses

DELINQUENTS BEWARE

Fines to Follow Non-Payment, and Dogs May be Ex-terminated

There are 124 doggies in Brainerd with bright new shining licenses, dangling from their collars but there are also other dogs in this city who have not received their lease on life for 1926, it was learned this morning from Mrs. E. T. Fleener, city clerk who has the position of issuing licenses to dog owners in return for the two dollar fee for male dogs and three dollar fee for female dogs. Tomorrow is the last day when the owners must purchase licenses for their dogs. After that both dog and master will have to take the consequences which is in the case of the owner the imposing of a fine and in the dog the probability of extermination by the police department.

Just what will be done about the dog question will be learned Monday night when the city council meets. They will be the judges of whether a dog's life will be spared if taken without a license or whether the master will be given a chance to save his dog by then taking out a license.

The number of licenses taken out already have been encouraging and it is not likely that the police department will have much trouble with the canines. Out of fairness to the dog though, no matter what kind of a mutt he is, the master should if he likes his dog a-tall, deck him out with a pretty new tag.

"ONCE IN A BLUE MOON"

High School Operetta to be Given at New Park Theatre Next Monday

DEFINITE PLOT, CLEVER LINES

Choruses Are Things of Joy, Music Unusually Fine

Those who enjoy musical comedies will be glad to attend the one put on by the high school students at the New Park theatre next Monday. "Once in a Blue Moon" is more than an operetta; it is a musical comedy with a definite plot and clever lines. In addition, the music is very beautiful, tuneful, and full of pep.

The choruses are things of joy. The music in itself is unusually fine, with no faintest hint of monotony, for every one is essentially different from the others. The droll little Chinaman starts the play out with a decidedly humorous solo of his own. Then Billy Maxwell is ready to shed tears on his, but George Taylor raises the cheerful note again in his lovely solo to Sylvia, "In my Garden."

Then there is a patriotic duo of songs, when Rene L'Mon lauds Paris and Babbit Morton counters with a song in praise of his own home town. With these two songs go beautifully costumed choruses with peppy action and splendid music.

This is the first act only. The other acts go on with a charming Spanish dance, a feminine duet, a burlesque chorus with masks and flashing lights, on through other choruses and songs to the grand finale, when the entire cast assembles.

The costuming is to be very beautiful and elaborate. The costumes for a number of the choruses have been ordered from the Northwestern Costume Co. of Minneapolis, and add an interesting note of color and variety to the modern costumes of the other choruses. The entire effect should be very beautiful and will be worth seeing. Tickets are going very fast so those who wish to get a glimpse of the play man get some of those remaining at the Park theatre or Dunn's if they cannot get in touch with any of the student sellers.

Due to the exceeding unpleasantness that seems to result from reserving of tickets, this time, there will be no reservations.

ILLEGAL FISHING BY 27 VIOLATORS OF GAME LAWS

St. Paul, April 30.—(UP)—Reports of the conviction of 27 game law violators this week have been received by J. F. Gould, state game and fish commissioner.

All of them were for illegal fishing. Five convictions were secured at Wabikon, four at Aitkin and three each at Fergus Falls, Cambridge, Ironton and Alexandria.

SCHMAHL IN FAVOR OF HAUGEN FARM RELIEF

FORMER SECRETARY OF STATE ASKS BANKERS OF STATE TO SUPPORT BILL

SAYS BANKERS OF MINNESOTA SHOULD FOLLOW LEAD OF IOWA BANKERS

St. Paul, April 30.—(UP)—The bankers throughout the state have been asked to support the Haugen farm bill in congress in a letter by Julius A. Schmah, former secretary of state.

"I believe that bankers of Minnesota," he wrote, "should follow the lead of Iowa bankers in getting squarely behind the farm relief legislation as proposed in the so-called Haugen bill, and vigorously opposing the so-called Tinscher bill."

"The agricultural legislative committee representing the combined farm organizations and endorsed by the Bankers' Association of Iowa has united in drafting and are actively supporting the new Haugen bill providing for an equalization fee on wheat, corn, hogs and cattle and for aid in handling the surplus commodities, deferring collection of equalization fee on all commodities for two years, and providing a revolving fund to take care of the surplus."

"Our representatives in congress should be encouraged to oppose the Tinscher bill which simply provides for government loans to co-operatives, putting our farmers further into debt. You will, I am sure, agree that our farmers do not need further credit. What they need is better prices for their products."

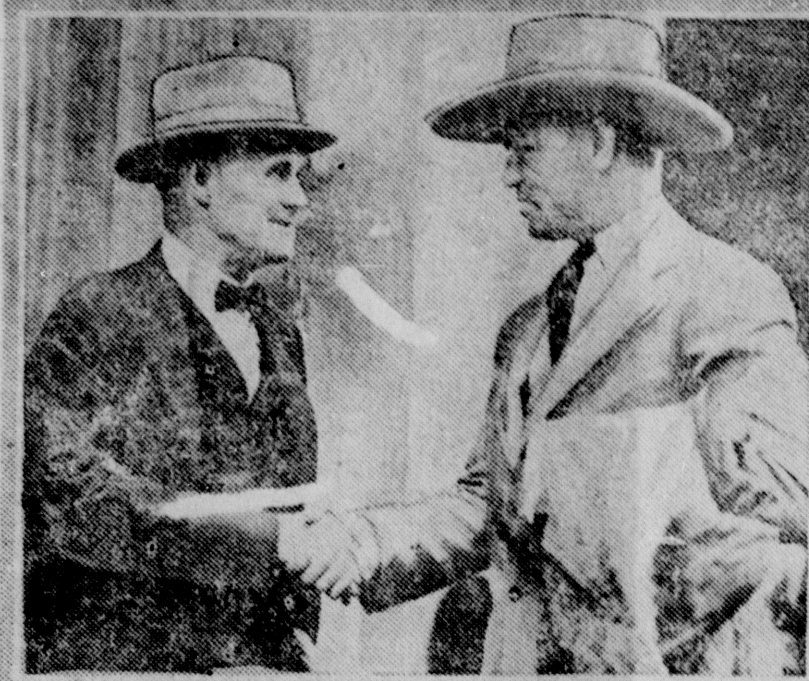

Right to Condemn Property for Road Purposes by Township

St. Paul, April 30.—(UP)—The right of a township board to condemn property for highway purposes was upheld today by the state supreme court.

The ruling was made in the case of Fred H. Rolf against the township of Hancock and affirmed the decision of Judge C. M. Tift, Carver county court, who found for the defendant.

"Unless the condemnation is arbitrary, oppressive, fraudulent or manifestly against the best interests of the community" it cannot be set aside, the supreme court ruled.

WAYZATA HAS \$75,000 FIRE

7 STRUCTURES DESTROYED AT EAST END OF BUSINESS DISTRICT

Minneapolis, April 30.—(UP)—Fire destroyed seven structures at the east end of the business district in Wayzata, a village near here today. Loss is estimated at \$75,000.

Fire started at 10:30 A. M. in a residence owned by A. P. Dickey and, fanned by a strong north wind, spread to adjacent buildings before firemen could gain control.

Fire departments of Wayzata, Mound, Excelsior, Long Lake and two companies from Minneapolis combined forces to fight the flames.

The structures destroyed are: North Shore Pavilion, Gibbs & Wakefield hardware store, A. P. Dickey ice house, a residence owned by Dickey, the residence of Mrs. Guertmiller, the residence of Mrs. Mabel Boomhower and Wayzata Garage.

CONVICTED WIFE BEATER GOES TO WHIPPING POST

Baltimore, Md., April 30.—(UP)—James Kingsmore, convicted wife beater, went to the whipping post in Baltimore's city jail today. Five women stood among a crowd of 150

spectators who watched Sheriff Pet-tee lay five light lashes with a cat o' nine tails across the prisoner's back.

Kingsmore's bare back reddened but there were no welts. Taken down from the whipping post, he collapsed from nervousness.

Why are smart society women who prize good looks turning so generally to Jap Rose?

Because beauty specialists have shown them that this clear soap is the one that cleanses pores most thoroughly and stimulates them to normal action.

Jap Rose cleanses so thoroughly because its ingredients are so pure

that they dissolve completely in water and can enter tiny pores that coarse soaps clog.

It stimulates because it contains two natural tonics.

You can tell that it is improving your complexion by that healthful tingle that follows its first use.

FRIDAY, APRIL 30, 1926

THOSE DIFFERENT "DAYS"

We laugh at Russia with its hundred or more holidays, but how about America which has a "day" for this and a "day" for that, and a "week" for something else.

The latest coming to THE BRAINERD DISPATCH desk is a "national egg day." The object of Egg Day on May 1st which is also "Health Day" is to call attention to the use of eggs. For profit and health we should use more eggs. The observance of National Egg Day is urged by a maximum use of eggs in the households, hotels, restaurants, cafes, cafeterias, clubs, etc.

It'll just be our luck to see eggs advance when such a terrific demand sets in.

To tell the truth some of the home town people get tired of too many of these "days" set by various interests who are pushing this or that scheme or product. Let's get busy before all the days in the calendar are appropriated and let's have a few days of our own.

Let's have a day to take down storm windows and a day to set up the screens.

A day to plant sweet peas, a day to go to the lake and see if the ice is out and the cottage and boat and dock are still there.

Let the three papers of Brainerd unite and have a field day for subscribers for paying up old subscriptions long delinquent.

Let's have a day for bringing back the book you borrowed and which after years of retention you have grown to think is your own.

Let's have a month devoted to saving money to buy Pa a birthday present.

Let's have a day, and by the way today is the last day, to pay up your dog tax. The last census, unofficially, gave Brainerd a population of 4,358½ dogs, but to date only 122 dog owners have been honest enough to go to the city clerk's office and pay Mrs. Fleener \$2 each on male dogs and \$3 each on female dogs. Noted legal authorities have declared that a dog is a dog, irrespective of weight or the amount of fleas carried. A cigar box lap dog should carry its license the same as a 100 pound German police dog. We don't know what branch of civic work the dog tax helps to support but even a blind man can sense the fact that \$240 or more of dog tax won't do much improvement work.

UNSELFISH IDEALISM SHOWN

THE Wisconsin State Journal recently published an editorial lauding the unselfish idealism behind present day newspapers. The local newspaper in the United States is each year getting on a firmer foundation and becoming more and more useful to its home community.

It is the home newspaper which boosts the town, year in and year out, which takes the lead in every enterprise which has for its purpose the upbuilding of the community.

We frequently hear it said that the old-time independent spirit of the newspaper is gone, that its editorial policy is now subservient to the business office. Yet this is not true. There is more unselfish idealism in the average local newspaper than in any other business enterprise. It frequently speaks out in the way it believes will be for the good of the nation and of the community, regardless of what the consequences may be from a business standpoint.

The local newspaper is the principal booster for the community, and it does its boosting often without hope of material reward. Unfortunate is the community which neither appreciates nor supports its local newspapers.

HAND OF AMERICAN PUBLICITY MAN

WE thought there was something familiar about the publicity Mlle. Suzanne Lenglen has been getting lately. First there was a story to the effect that she was to marry an aspiring young reporter of some French journal. It gave Suzanne a chance to air some real American language when she said the whole story was "the bunk." Had Suzanne replied in French to the accusation, it would have consumed yards of space plus gesticulations which cannot be translated into English type.

Thereafter the reporter also got his inning in telling what he knew about the reputed engagement, which had never happened.

Now come stories of Suzanne's invasion of America to play a series of tennis matches, the story of the American tennis association which has no rules to match her request for games, etc.

It's American publicity work which is guiding Suzanne and bringing her to the attention of the public, for hasn't she got an American manager? Yes, she has an American manager and promoter.

POLAR EXPLORATIONS

In all polar explorations there are two expeditions. The primary or initial exploration has the pole for its goal. The second expedition is to find where the first one strayed to.

A study of polar exploration from the days of Franklin to Amundsen, finds an endless chain of pole searchers followed by searches for the searchers. It's a great game, and when somebody eventually sleds into or flies over the pole, it will mark the end of the sport, unless another expedition has to follow the first successful one in order to check up data.

After the Cook experience scientists have been using a lot of salt in their deductions and have worked adding machines over time in order to figure up latitude and longitude.

A SAD part of the cleanup business in Brainerd is the story of the householder who gets a spotless backyard and then has it filled with debris of a negligent neighbor who lets his old papers, rubbers and tin cans blow on to the clean lot of the neighbor.

CATTLE thrive in Crow Wing county. Anderson brothers of Crow Wing township recently brought to Koering & Son three heifers, Holsteins, each dressing close to 800 pounds and receiving top prices for same.

WOMAN is the eternal miracle, says the Red Wing Eagle. The average man is sure that a car couldn't be driven the way the average woman drives it; and yet she gets there just the same as he does.

Sally O'Neill and Charlie Murray, in "MIKE"

Sally O'Neill Takes From "Mickey" for "Mike" to Play in Marshall Neilan Film

Sally O'Neill, the girl who plays the title role in Marshall Neilan's production of "Mike," the Metro-Goldwyn-Mayer picture showing at the New Park tonight, also Saturday and Sunday, was a great motion picture "fan" before entering pictures, and her one particular favorite was Mabel Normand. And her favorite

picture was "Mickey," the one that everyone remembers as the best that the hoydenish Mabel ever made.

So when she started work in "Mike," she decided to wear a costume as nearly like the one that Miss Normand wore in that picture as possible. She remembered it exactly, the overalls, the high-topped boots, blue shirt and all, and the "ensemble" that she dons is almost an exact duplicate of the famous "Mickey" costume.

"Venus" Film is Last Word in Splendor

"The American Venus," Paramount's widely heralded film special, which had its local premiere last night at the Lyceum and which will be shown again tonight, appears to be blessed with every ingredient that makes for entertainment not only on the screen, but on the musical comedy stage as well.

In fact, several of the outstanding features in this magnificent photoplay, notably, the elaborate fashion show and the artistic tableaux, which were filmed in beautiful Technicolor, have never been surpassed and seldom been equaled even in the most glorified stage productions.

Bison Stampede is Feature of Hoot Gibson Film

The largest herd of American bison still in existence plays an important part in "The Calgary Stampede," Universal-Jewel feature, starring Hoot Gibson, which is showing at the Lyceum theatre on Saturday, one day only.

A herd of 10,000 aboriginal beasts of the western plains, in their sanctuary near Calgary, where the Gibson picture was made, were stampeded for one of the big scenes of the film. In this scene Gibson saves the life of the mounted policeman who is pursuing him and who has been felled before the hoofs of the onrushing herd.

Watching the Scoreboard

Yesterday's Hero—Gus Felix, for the third day in a row, drove in the run that gave the Robins a 3 to 1 victory over the Phillies.

The Yankees pounded Joe Bush for seven hits and seven runs in the fourth and fifth and beat the Senators 8 to 5.

Zeke Barnes went wild in the sixth inning and passed in the run that helped the Braves knock off the Giants 4 to 2.

The Reds staged a grand picnic and massacred the Pirates 16 to 9.

Ty Cobb got his first homer of the season, but the Browns beat the Tigers 3 to 2.

Old Jack Quinn had a good day and

hurled the Athletics to a 4 to 0 victory over the Red Sox.

The White Sox beat the Indians 7 to 3 and knocked them into second place.

Lefty Mails delivered a wild pitch and let in the run that gave the Cubs a 6 to 5 win over the Cardinals.

Featuring play in the American association yesterday was the triple play executed by St. Paul in the game with the Mud Hens at Toledo. Lebourveau was on second, Leach on first and Vrimes at bat. Vrimes lined to First Baseman Stuvengen, who threw the ball to McMillan at second to double Lebourveau and received the ball in return to catch Leach for the triple play. The Saints took the lead at the start and had little trouble winning 8 to 3.

Rallying in the tenth the Kaws put over three runs and defeated the Indians 6 to 3.

The Senators downed the Millers 5 to 4 in the Senators' first home grounds game of the season.

Taking advantage of four errors the Colonels defeated the Brewers 6 to 4.

FRENCH CABINET APPROVES DEBT FUNDING PACT

FRANCE GAINED SOME ADVANTAGES IN AGREEMENT PERFECTED

FRENCH GOVERNMENT TO ISSUE AUTHORITATIVE STATEMENT SOON

By A. L. BRADFORD
(United Press Staff Correspondent)

Paris, April 30.—The French cabinet today approved the debt funding agreement signed yesterday in Washington by the American debt commissioners on behalf of the United States and the French ambassador, Henri Berenger.

France did not make all the concessions in reaching agreement, Finance Minister Peret announced, following the cabinet meeting.

"The government tonight," he said, "will issue a full statement in order to indicate the terms of the accord in the most definite manner, so there no longer will be doubt in the minds of the public. Certain reports have given the impression that only France made sacrifices, but the truth is that there also are advantages to France in the agreement which the cabinet has just approved."

With the cabinet's action the agreement to fund the debt which has been a major international problem for seven years, soon will become a subject of debate in the chamber of deputies. Examination of its provisions by the chamber finance committee will be the first step.

Premier Briand already has announced his intention of making approval of the agreement a subject of confidence. He subscribed to the belief that until funding agreements with Great Britain and the United States have been concluded there is no prospect of stabilizing the French franc. French currency has distinguished itself during the last fortnight with almost daily slumps which established new low records in the principal money markets of the world.

Signature to the funding agreement in Washington represents a great achievement by Ambassador Berenger, for many years reporter of the senate finance committee. He was a member of the Cailhau debt funding commission, which failed in Washington last autumn. Then Ambassador Daeschner was recalled from Washington. Berenger was given a six months leave of absence from the French senate and succeeded Daeschner, with instructions to fund the debt. The new ambassador virtually had no other instructions. It is expected that Berenger soon will relinquish his post in Washington to return to France and resume his duties in the senate.

The United Press was informed by a member of the cabinet that negotiations for private investments in France probably would be begun immediately with American financiers. But, it was explained, that economic co-operation would have nothing to do with loans for the French government, as for the moment the government is not contemplating borrowing.

Unexpected Fight For Farm Relief Legislation in Senate

Washington, April 30.—(UP)—An unexpected fight for farm relief legislation broke out in the senate today when Senator Harrison, democrat, Mississippi, moved that the senate lay aside the public buildings bill and take up the Jardine bill passed by the house establishing a division of co-operative marketing in the agriculture department.

At the same time a special rule providing for consideration of farm relief legislation in the next week was reported favorably by the house rules committee. Under the rule, the Haugen bill will be called up Tuesday with four days for debate.

HONORS SHOWN CAPT. R. B. MILLER IN DULUTH VISIT

Miller, chief officer of the steamer Roosevelt, decorated by King George of England for gallantry in the rescue of the British freighter Antioch in January, is visiting his home here. He is to be the guest of honor at an open forum luncheon of the Chamber of Commerce on May 7. Other functions in his honor are also planned.

Meal Planning Made Easier Through Use of Meat Extender Dishes

Meal planning is one of the younger married woman's greatest trials. She has learned that a balanced dietary means health for her family.

What she wants to know is how to achieve a balanced diet while at the same time considering economy.

The "meat extender" is one way of arriving at an answer. "Meat extenders," in the parlance of home economists, mean foods which fill out the protein needs of a meal. Although the meat portion may be small or entirely lacking, through the medium of a "meat extender" the housewife acquires approximately the same result as if she had a much larger amount of meat.

Foods such as eggs or beans in various combinations are "meat extenders" in that they provide, with but little meat, a dish containing the necessary amount of proteins.

The following meat extenders are typical:

Chicken Timbales
1 1/2 cups white meat, raw.
1 teaspoon salt.
1-2 teaspoon nutmeg.
3 egg whites.
1 cup evaporated milk.
1 cup cream.
Dash white pepper.

Pass the chicken through the food chopper three times, add the seasonings, and beat into the mixture, one at a time the unbeaten egg whites, and then very gradually the evaporated milk and cream. Pour into small buttered molds whose bottoms are lined with buttered paper. Fill molds two-thirds full and cook in a dish surrounded by hot water in a 375 degree F. oven. Turn from the molds and serve with the mushroom sauce.

Mushroom Sauce
1 cup evaporated milk, diluted with 1 cup water.
2 tablespoons butter.
2 tablespoons flour.
1/2 teaspoon salt.
Dash pepper.
1 cup mushrooms, chopped.

Prepare a white sauce of the butter, flour, salt, pepper and evaporated milk, add mushrooms after sauce begins to thicken and simmer for ten minutes.

Meat Loaf
1 lb. beef.
1/2 lb. veal.
1 tablespoon suet.
2 tablespoons evaporated milk, diluted with 2 tablespoons water.
2 cups bread crumbs.
1 teaspoon salt.
2 eggs.
1 slice onion.
1/4 teaspoon celery salt.

Run meat and suet through a food chopper. Beat egg well, add meat, milk and seasonings, then bread crumbs which have been soaked in water and squeezed dry. Mix thoroughly and form into a loaf. Place in a roasting pan oiled with 1 tablespoon fat and with enough water to prevent burning. Bake in a 375 degree F. oven for one hour, basting often to prevent drying out.

Disturbed by Trifles
Life is a tender thing and easily molested. The smallest and slightest impediments are the most piercing; and as little letters most tire the eyes, so do little affairs most disturb us.—Montaigne.

Middle-Age Mastinating

Washington, April 30.—With the French now lined up at the paying window of the treasury department for settlement of their war obligation, the United States has completed its funding agreements with 11 countries that will bring in \$21,925,858,097.05 during the next 62 years. This huge sum will be paid in annual installments by the countries that borrow \$10,555,948,079.60 from America during and after the war to tide them over financial difficulties. The sum of nearly \$22,000,000,000 includes all the principal and interest at various rates.

Six foreign countries are still indebted to the United States for war loans. Greece owes \$17,675,000; Jugo Slavia owes \$65,514,000; Rumania owes \$46,508,000; Russia \$225,147,000; Armenia \$15,000,000, and Liberia \$32,000.

A debt commission from Jugo Slavia is now in Washington to settle that obligation. Russia has openly repudiated its debt and Armenia has ceased to exist as an independent nation, thus leaving these two debts of \$270,000,000 a total loss to the United States.

President Coolidge approved such a settlement as just to both nations and necessary to prevent curtailment of sale by our farmers of their surplus crops abroad.

Washington, April 30.—With administration leaders confident of ratification of the French debt settlement at this congress session, Sen. Reed, Missouri, democrat, foe of the administration's foreign debt settlements, told the United Press he and other opponents of the agreement would fight it desperately. The settlement, concluded between the American debt funding commission and French Ambassador Berenger and approved by the president, was termed by Reed "a great steal."

Calling for total payments of \$6,847,674,104 in 62 years, the agreement he held was for less than 50 cents per dollar; did not represent France's ability to pay and was the outcome of dictation by "big business."

A messenger today took the French agreement, signed by President Coolidge and Ambassador Berenger to congress from the White House where machinery of the house of representatives will be started at once for speedy ratification of the measure. Plans call for ratification before adjournment next month.

N. P. TEAM OPENS ITS SCHEDULE MAY 16th

FIRST GAME OF LOCALS AT NEW YORK MILLS

**BRAINERD TO HAVE FIVE NEW
PLAYERS TO STRENGTHEN
TEAM**

1926 BASEBALL SCHEDULE FOR TEAM IS STIFF ONE

The Northern Pacific Brainerd City team opens its schedule on May 16, at New York Mills. Their schedule which includes 21 games this season is made up with some of the fastest teams in the state.

The Brainerd team will have five new players on the nine which will help make the team much stronger than which she has had for some time.

The management has been scouting for players and has succeeded in securing a third baseman, center fielder, and a line on four pitchers, Murphy, St. Paul; Posten, Aitkin; Dahlen and Tracy.

The catching staff will be composed of Levenskie, Norman, and Schwindman. It is going to be some stiff competition between them to see which two will make the regular lineup.

The 1926 baseball schedule for the N. P. City team follows:

Brainerd at New York Mills, May 16.
Sebaka at Brainerd, May 23.
Brainerd at Winona, May 30.
Brainerd at Winona, May 31.
Moose Lake at Brainerd, June 6.

SCISSORS CHAMP IS IN TROUBLE

LEONARD'S RETURN TO THE RING

By HENRY L. FARRELL
(United Press Sports Editor)

New York, April 30.—Benny Leonard's return to the ring this summer—an event that is being taken for granted on information from several of his confidants—will scramble up the welterweight division more than it will affect the lightweight class.

There are two very good reasons to believe that if the retired lightweight champion returns to the ring he will come back as a welterweight. These reasons are—weight and money.

It will do no good to dig up the old pros and cons of the argument that Leonard hadn't been able to make the weight for two years before he retired from active competition.

There were secret weighings and such things, a betraying bulk of flesh around his belt and a recognized dislike of strenuous training that caused a belief he couldn't make 135 pounds.

But Leonard always insisted that he could make the weight when necessary and he ought to be the only one in the know.

It cannot be disputed, however, that Leonard, after indulging in light training only for two years, would find it less difficult to get himself in shape to fight at 147 pounds even if the competition in the lightweight division would not require that he be too strong at 135 pounds.

The money angle is the big angle to Leonard, however. It is to all champions and it is not the fault of a business man.

If the New York Boxing commission follows precedent, Leonard will have to resume his profession as a challenger and as a challenger he could demand officially only 12½ per cent of the receipts. There are such things as two contracts put across without the knowledge of the commission, however, and it would be up to him to get the best terms possible.

On the assumption that he would follow the spirit of the rule and accept the challenger's percentage he could get much more for his end by fighting Mickey Walker for the welterweight championship than by trying to regain his lightweight title from Rocky Kansas.

Kansas is a fine and deserving little fellow but he hasn't the following to draw the crowd. If he fought Leonard, it would be Benny who would draw the crowd and Benny is too good a business man to let an opponent draw 37½ per cent of the receipts on his name and rep.

There is this to be considered also. The lightweight championship would be little more than an annoyance to Leonard and the welterweight title would be a decided asset.

There is plenty of competition in the welterweight class and practically none in the lightweight division. It has to be assumed, of course, that Leonard has a good chance to beat Walker.

If Leonard fought Kansas and lost, he would have to change a lot of billboard signs that advertise him as the retired undefeated lightweight champion and that means a lot in a business way.

Leonard always has been very proud of his record and on several occasions he told his friends that Jack McAuliffe, the original, retired unbeaten champion was a smart bird and he was going to follow his example.

Against Walker, the former lightweight champion would have everything to gain and nothing to lose. It is doubtful that Walker could knock him out and if the bout went the limit Leonard's superior cleverness ought to win for him. If he lost the decision it would mean nothing more than Benny Leonard, a welterweight, was beaten.

It will be interesting to hear the verdict of the boxing commission if Leonard asks for a license to return to competition. Willie Harmon and Joe Dundee are ahead of Leonard on the list of welterweight eligibles and the commission might ask him to beat Harmon or Dundee if he is to be considered as a welterweight challenger.

YANKEES LOOM AS PENNANT CONTENDERS

"NEW YORK IS CLUB WE HAVE
TO BEAT," SAYS BUCKY
HARRIS

**DID NOT LOOK LIGHTLY UPON
YANKEES AS OTHER
CRITICS DID**

By HENRY L. FARRELL
(United Press Staff Correspondent)
New York, April 30.—"New York is the club we have to beat if we are going to win another pennant," Bucky Harris, young manager of the Champion Washington Senators, said here today.

"We considered before the season opened that Philadelphia and St. Louis would give us the hardest opposition, but we did not look as lightly on the Yankees as some of the critics," he said.

"The Yankees had tremendous hitting possibilities, but the defense of the club depended entirely upon two rookies players around second base, the most vital spot of the inner defense.

"From what I have seen of Koenig and Lazzari, they are good ballplayers, but it remains to be seen if they will hold the same speed through the middle of the season.

"With a lineup crowded with sluggers, who can knock any ball from the park, the Yankees are something to beat. Every manager in the league knows that now. Babe Ruth, Gehrig, Dugan, Combs, Meusel and Collins are not spring hitting rookies. Dugan may be hitting over his head now but he is a great ball player and all the better since he got rid of his trick knee.

"Against the Athletics and the Browns, where there are not so many hard hitters in the line up it is possible for a pitcher to work on them and for a manager to plan the kind of pitching that they are less effective against, but against the Yankees a pitcher never gets a rest. He cannot figure or work on seven or eight batters, any one of which is liable to crown anything he throws at them.

"Only two pitchers all season have

been able to pitch an entire game against the Yankees and they lost their games. That shows you what kind of a club it is."

TONY MARCONY TO WRESTLE WITH JACK MCCARTHY

**TO GO ON MAT TONIGHT AT
GARDNER AUDI-
TORIUM**

Tony Marcony, 158 pound local man and Jack McCarthy, Hill City, Minn., champ who tips the scales at 158 pounds, will go to the mat tonight at Gardner's hall to settle the argument as to who is the better man.

Both wrestlers have enviable reputations. Marcony has wrestled in most of the states in the country while McCarthy so far has not been defeated. McCarthy is the champion of the American Legion for the states of Wisconsin and Minnesota. Tony Marcony, local wrestler however hopes to defeat McCarthy.

TONY MARCONY

That the bout is going to be a good one was stated by Marcony today who said that he would guarantee a good bout to the public.

"Many people have the idea that all professional bouts these days are fixed," said Tony. "I can tell you right now that this bout is on the level. I am going to try to defeat McCarthy tonight with all my skill."

That Tony is in good shape for the bout is shown by his training. Each morning he takes the highway for a six to eight mile run.

In the semi wind up Dan Brown of Chicago will meet Jack Gorman, of Omaha, Neb.

"Jack McCarthy has got to be tough to lick me tonight," said Marcony. "I don't know how good he is but I know this much, that I am not going to handle him with silk gloves. If he is a good man that will make the bout more interesting. If he's not so good, I'm not going to spare him. It's going to be a tough battle any way you look at it."

The bout will start at 8:30 o'clock. Doors will be open at 7 o'clock. A good crowd is expected.

This will be a good, clean athletic entertainment, for the ladies as well as gentlemen.

JOE STECHER DEFEATS PESEK IN WRESTLING

**MAT CONTEST WAS ONE OF THE
MOST GRUELLING ON
RECORD**

**EACH OBTAINED FALL AFTER 5
HOURS WRESTLING, PESEK
THROWN FROM RING**

St. Louis, April 30.—(UP)—Joe Stecher, claimant to the world's heavyweight wrestling championship, a claim that is disputed by Ed "Strangler" Lewis, retained his share of the title today as a result of his victory over John Pesek, in one of the most gruelling mat contests on record.

After both men had obtained one fall and had been wrestling for five hours, Pesek was thrown from the ring and was unable to continue.

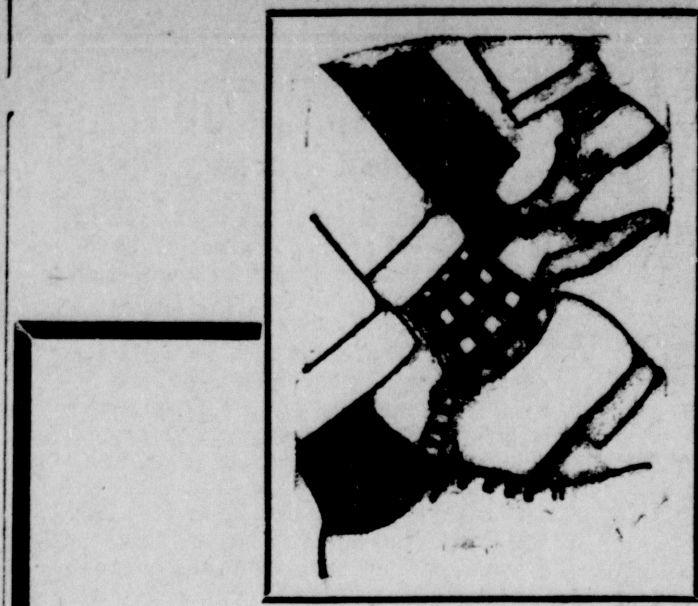

Pesek took the first fall in 3 hours and 15 minutes with a double wrist lock and scissors. Stecher squared the match by taking the second fall in 33 minutes and 56 seconds with a double wing lock. The third fall had gone about 40 minutes and 35 seconds, with both men in a weakened condition, and in struggling near the ropes, Stecher picked up his opponent and attempted to throw him to the mat.

Pesek fell through the ropes to the floor. The fall caused a slight concussion of the brain and doctors at the ringside declared Pesek was in no condition to continue the match.

Referee Harry Sharpe stated that in his opinion Stecher was in no way to blame for the accident, therefore, no foul, and, with Pesek unable to continue, he gave the decision to Stecher.

St. Louis, April 30.—Joe Stecher, champion heavyweight wrestling claimant, was placed under technical arrest here this morning pending the result of injuries alleged to have been suffered by John Pesek, when thrown from the ring by Stecher during a wrestling bout here last night.

It was said that Pesek's injuries

are not serious.

Pesek was tossed from the ring after each man had gained one fall. They had wrestled almost five hours and both were noticeably weary when Stecher lifted Pesek into the air and the "Tiger Man" toppled into the ringside seats. He was unable to recover and the match was awarded to Stecher.

Referee Harry Sharpe announced that there was no indication of a

foul and that the match would go to Stecher.

It was the second time that Stecher viewed the inside of St. Louis central police headquarters. Last summer when he defeated Stanislaus Zbyszko in a match here, which was announced as a world's championship bout, he was placed under technical arrest after Zbyszko had been carried from the ring in a near unconscious condition.

After Zbyszko recovered Stecher was released.

UNOFFICIAL CROP REPORT ON COUNTY

Shows That Hay is Principal Crop, With Acreage Largely Increased

OTHER CROP ACREAGES

Wheat Shows Large Increase Over Last Year, Increases in Dairy Cattle and Hogs Noted

An unofficial crop report for Crow Wing county as given out this morning by County Agent E. G. Roth shows that hay this spring is the principal crop planted, the showing being made in approximately 50 per cent of the county's total crop acreage of 60,000 acres.

Seeding of this crop will be completed about May 15, the planting representing an increase over last year of about five per cent.

The approximate acreage with percentage of increase or decrease compared to last year are shown in the following crop report:

Crop	Acreage	P. C.	P. C.
Wheat	300	100	
Corn	7,000		5
Oats	15,000		5
Barley	2,000		10
Rye	2,500		10
Potatoes	1,200		
Alfalfa	2,500		10
Hay	28,000		5

Seeding completion dates for wheat will be about May, but dates for the other crops cannot be ascertained at this time.

An increase of five per cent is noted in dairying cattle this year over last while hogs also increased five per cent. Stock cattle is on par with last year.

BODY OF INDIAN WOMAN FOUND

Made Recently by Sexton Robert Jaeger While Digging Grave in New Plot

COFFIN VERY FRAGILE

Body Was That of Large Woman Who Had Been Buried in Cemetery Over 30 Years Ago

Back some 35 or more years, a woman was buried in block . of the Evergreen cemetery, record of which the cemetery officials have not in their files.

The discovery was made recently by Robert Jaeger, cemetery superintendent, when he was digging a grave.

The body was that of a large woman with a shade of hair between brown and black. She had been buried in a coffin without a rough box, a practice which has not been used for at least 30 years. The coffin was very fragile and it was necessary to handle it with care in order not to crumple it completely. The body was buried in a plot adjoining.

Robert Jaeger's belief of the circumstance is that the body was buried there and no statement was made of it when plots in the cemetery were sold.

It is widely known that Evergreen cemetery was many years back an old Indian burial ground. This is upheld by Mr. Jaeger who states that he has come across bodies of Indians buried near the gate of the cemetery.

The Evergreen cemetery has been raked of all dead leaves and workmen are now making flower beds, giving the cemetery a very beautiful appearance.

FIRE STARTED IN OLD CLOTHES

Efficient Work of Fire Department Speedily Checks Fire at 1003 South 7th Street

FLAMES ON STAIRWAY

Department This Morning Extinguished Brush and Grass Fire North of Ash Avenue

Fire, starting in old clothes under a stairway, might have completely destroyed the house of D. R. Dahlson, 1003 Seventh street south last evening at 9:30 o'clock, had it not been for the efficient work of the city fire department.

The flames had already leaped up the stairway, enveloping the upstairs with flames when the firemen arrived. Further spread of the flames however were prevented and the damage resulting was slight.

The department were called out this morning at 10 o'clock to a brush and grass fire north of Ash avenue between 13th street and Rice Lake. There was no property damage.

CLEAN SLATE IN FOREST FIRES

Report Made by State Forest Ranger E. G. Rhodes is Optimistic One

TWO FIRES YESTERDAY

One at Bay Lake Township and Other at Home Brook Township

A clean slate in the forest fire situation in the district is reported this morning by E. G. Rhodes, forest ranger here.

Two fires broke out yesterday however, one at Bay Lake township and the other at Home Brook township, but these were under control by the evening.

Renewed caution in prevention of forest fires in the district is now urged by the forest ranger who stresses the damaging results to the county of forest fires sweeping through it. With weather continually getting warmer and lack of rain, forest fighters are ready at a minute's notice to stop any flareup noticed by them or reported. It is hoped that no further such fires as swept through different sections of the county recently will again occur.

Investigation of the recent fires as to their causes showed that the majority were caused through carelessness and particularly by parties who had received no permit from the department to start them for clearing purposes.

The Bankrupt Stock of the Perry Hardware Co.

purchased by us is going fast. Hundreds of people from FAR AWAY have attended this great sale.

WHY? Because they can save on every purchase made.

WHY can they save? Because we are SELLING goods for less than any Hardware Co. can buy them at WHOLESALE.

WHY? Because we bought this stock in the BANKRUPT COURT at a fraction of its real worth and we are closing the stock out and do not intend to continue the hardware business.

Come Saturday and see for yourself.

A Good Place to Trade

Romance and Adventure—Just Around the Corner!

Within easy motoring distance of your own home, spots of wonder are waiting for you! The spectacular—the beautiful—the wonderful—not many miles from your own door! With fun, freedom and adventure in finding them.

Fill your tank with Red Crown Gasoline—get a good road map—leave your troubles behind—and thrill to the excitement of flying landscape and surprises at every turn. This short list is just a suggestion of the infinite variety that awaits you.

- 1—The Black Hills of South Dakota, in reality mountains over 7,000 feet above sea level, the color of midnight blue because of their forest of blue spruce and Norway pine. State Highway No. 85.
- 2—Big Spring State Park, Missouri. An average of 223,000,000 gallons of water per day gush out of a rocky cliff and rush into Current River, one of the swiftest and most beautiful of Ozark streams. Near Van Buren on State Highway No. 16.
- 3—Fort Lincoln Park near Mandan, North Dakota, on a high bluff overlooking the Missouri Valley. Old officers' quarters of Fort Abraham Lincoln and the site of an old Mandan Village. State Highway No. 6.
- 4—"The Giant Sycamore" largest broadleaved tree in the United States, over 42 feet in circumference at five feet above the ground. Three miles from Worthington, Greene County, Indiana. State Highway No. 12.
- 5—The vast prairie of Kansas, the "core of the continent." Union Pacific Highway No. 10 and Victory Highway No. 15 along the Kansas River.
- 6—Morehead Caves in limestone rocks that are hung with beautiful plants and rare ferns. Near Maquoketa, Iowa. State Highways Nos. 20 and 62.
- 7—The famous Gull Lake, Michigan, beautifully wooded and silver beamed. State Highway No. 17 between Battle Creek and Kalamazoo.
- 8—The Swiss Settlement at New Glarus, Wisconsin, an odd little town transplanted from the Old World with Swiss people, architecture, language and customs. Not far from Madison, on State Highway No. 31.
- 9—The "North Shore Road" in Minnesota, one of the famous scenic highways of the country along the wild and rugged coast of Lake Superior from Duluth to the Canadian boundary. State Highway No. 1.
- 10—The Cahokia Indian Mound covering 14 acres in Illinois, the largest edifice ever built by human hands. Just out of East St. Louis on State Highway No. 3.

Smooth, wonderful highways throughout the Middle West make motoring a joy. And at convenient intervals all along these highways the Standard Oil Company (Indiana) has established service stations for your convenience.

The progressive policy of better highways and the hearty co-operation of the Standard Oil Company (Indiana) have thus opened the road to happiness, to all the thirty million people of the Middle West.

\$100,000 MAIL ROBBERY PROBED

INSPECTORS BUSY INVESTIGATING AT LA FAYETTE, INDIANA

La Fayette, Ind., April 30.—(UP)—Three postal inspectors were here today investigating a \$100,000 mail robbery which had been kept under cover for a week.

Two sacks of registered mail were taken from a truck at the Big Four railroad station here, while waiting shipment to Indianapolis.

The sacks contained \$84,000 in negotiable securities consigned to Indianapolis banks and about \$16,000 in cash, according to postal authorities.

Although the mail was taken a week ago today, the theft was kept secret in the hope of aiding the search for the robbers.
